Topic 12 - Closing

Social discussions (17:15-18:15)

We know that one of the things that you enjoy about the annual meeting of the NECC/Cs is the chance to network and catch-up on the latest developments in other countries in an informal setting.

In order to try and replicate that as best we can in an online world, we will arrange an optional drop-in session following the meeting where you can grab a drink and join in the informal discussions at the end of the day.

Once the new EuroVelo Governance is adopted the annual meeting of the NECC/Cs and other related stakeholders will formally become the EuroVelo General Meeting (EVGM). As the governance is not adopted yet, this year's meeting will be a Provisional EVGM but we will try to follow the proposed format as closely as possible.
